Landscape
Antarctica is a remote, magical place that will greet you with its awe-inspiring beauty. See peaceful bays dotted with colossal icebergs; cruise along deep fjords and see massive glaciers; be amazed by sharp snowy peaks that jut out of the sea.

Adventure
A journey like no other awaits in Antarctica. Cruise at sea level with our Zodiac boats and feel the spray of seawater on your cheeks. Follow in the footsteps of early explorers as you hike on Antarctic soil. Join our optional sea kayaking and hiking & snowshoeing programs.

Glory
Setting foot on the seventh continent is a privilege and an honour. You will bring home indelible memories, and tales of your journey will arouse the curiosity and admiration of your friends and family.

Wildlife
In the austral summer, large numbers of penguins, whales, seals, and seabirds congregate along the Antarctic Peninsula to feed and reproduce. Present in abundant numbers, these animals will provide endless inspiration for your photographs.

There is still a place on Planet Earth that remains untouched, a continent of shocking beauty where Nature sets the rules: Antarctica.

To travel there is to encounter our planet in its purest, naked form. As visitors come face to face with Antarctica and feel its awesome power, these words are heard over and over again: “this is like another planet.”
The Antarctica21 Air-Cruise Model

Before Antarctica21, adventure travellers who wanted to reach the Antarctic Peninsula had only one option: to sail across the tempestuous Drake Passage. Since 2003, Antarctica21 has been offering you a more comfortable alternative.

Fly the Drake
Our two-hour flight takes you from Punta Arenas, in Patagonia, directly to Antarctica where you board your expedition ship. You thereby avoid the stormy seas of the Drake Passage – and the potential seasickness – experiencing only the best Antarctica has to offer.

Sail Antarctica
Antarctica21 offers boutique-style wilderness adventures, not cruises. Our small expedition vessels, more like private yachts, offer you privileged access to Antarctica, taking you where larger ships cannot. With fewer guests, you disembark fast and efficiently, so you spend your time exploring not waiting.

Key Benefits

| Comfort: Avoid storms in the Drake Passage |
| Speed: Get to Antarctica quickly and save time |
| Size: Enjoy a small-ship, yacht-like experience |

Fly over Cape Horn and the Drake Passage to reach Antarctica quickly and in comfort
Experience And Expertise
Antarctica21 pioneered the Antarctic air-cruise model. We are the world's leader in this unique style of travel to Antarctica. We have completed over 180 fly and cruise departures, more than any other company in the world, by far.

One Flight Per Expedition
We use a single flight to carry all travellers to and from Antarctica for each of our expeditions. This makes our operation fast and efficient while reducing the chance of weather-related delays compared to the alternatives.

Small Is Beautiful
Antarctica21 only operates small ships, carrying a maximum of 75 guests. With a small group of travellers, disembarkation is fast and efficient so you can spend more time exploring and less time waiting.

Antarctic Vehicle
Unique in its kind, “Bigfoot” was specially designed and built for Antarctica21 to support our operation at King George Island. Its traction system can adapt to the changeable conditions of the Antarctic terrain.

High Staff/Traveller Ratio
Travel with a well-staffed team of at least twelve expert polar guides. Passionate and engaging, they will make your trip memorable.
Our Company

Antarctica21 is a Member of the International Association of Antarctica Tour Operators (IAATO), a member organisation founded in 1991 to advocate, promote and practice safe and environmentally responsible private-sector travel to the Antarctic.

Our History
Motivated by a desire to make Antarctica accessible to travellers keen to avoiding the stormy Drake Passage, our founders pioneered the Antarctic air-cruise model in 2003. Since then, Antarctica21 has been the leader in this fast-growing segment of Antarctic tourism, constantly developing and innovating our programs.

Our Style and Philosophy
As a boutique specialist, we design and deliver adventurous yet comfortable small-scale expeditions to Antarctica. Our aim is to offer guests the perfect balance between active exploration and high-quality hospitality for a trip of a lifetime.

Our People
Our international team of veteran Antarctic pilots, experienced sea captains, expert polar guides and academics, and seasoned travel professionals create the Antarctica21 experience. With passion, creativity and dedicated teamwork, each expedition is handcrafted, unique and personal.

No journey is the same and flexibility is the key to success in Antarctica. The Expedition Team plans the voyage route to take advantage of the ever-changing opportunities provided by Nature. You will explore several spots in the Gerlache Strait that offer the best possible overview of the varied Antarctic environment.

Day 6 / Elephant Island
Sailing north, we hope to stop at Elephant Island. It was here that the crew of Shackleton’s Endurance found refuge while he and five handpicked men carried on to South Georgia. While stormy conditions rarely allow a shore landing, you will see the island from the ship.

Day 7-8 / Sailing to South Georgia
As we sail northward, our historian and our naturalists offer a series of presentations. There is time to socialize in the ship’s lounge, while keeping an eye out for the region’s birdlife.

Day 9-11 / South Georgia
The island of South Georgia is a diverse landscape of majestic mountains, massive glaciers, grassy uplands and deep fjords. Visit the former whaling outpost of Grytviken, where you may pay your respects at the simple grave of Ernest Shackleton. At St. Andrew’s Bay be overwhelmed by the sight of 150,000 king penguins. At Cooper Island, the nesting home of thousands of black-browed albatrosses, see a large colony of macaroni penguins. If the weather is favourable, visits are also planned at Fortuna Bay, Salisbury Plains, Prion Island, and Elsehul Bay.

Day 12-14 / Sailing towards South America
As the ship heads to South America, the program of presentations continues. Use this time to enhance your understanding of the region and its history.

Day 15 / At sea and Beagle Channel
Approach South America and sail along the Beagle Channel. Take in the beauty of Tierra del Fuego and Navarino Island as you head to Ushuaia.

Day 16 / Ushuaia, Argentina
Arrival to Ushuaia, where your journey ends at the pier upon disembarkation.

Note: The February 25-March 12, 2021 (MAG23-AS) departure operates in reverse, with start in Punta Arenas and end in Ushuaia. An itinerary description is available on request.
Day 1 / Start of the Air-Cruise
Your journey begins in Ushuaia, Argentina, at the pier. Board your ship in the afternoon and sail along the Beagle Channel towards Puerto Williams, Chile, the southernmost town in the world. Explore the surroundings before setting sail to Cape Horn.

Day 2 / Cape Horn and Drake Passage
After an overnight crossing of Nassau Bay, you awake in full view of legendary Cape Horn! Weather permitting, board a Zodiac and be one of the few privileged adventurers to step foot on this famous and rarely visited island. Back on board, set sail towards Antarctica and cross the famous passage named in honour of Sir Francis Drake, the great 16th century British explorer.

Day 3 / Drake Passage
As you sail through the Drake Passage en route to King George Island, in the South Shetland Islands, attend an engaging program of lectures and presentations. In the company of expert guides, watch for wildlife from the lounge or from the outside decks. You may spot magnificent seabirds, such as albatrosses and petrels, as well as different species of whales on their way south to Antarctica.

Day 4 / Drake Passage and Antarctica
After crossing the Antarctic Convergence, the environment changes noticeably. Keep your camera ready, as this is the time to watch for the first icebergs and the first sight of Antarctic land. Reaching the South Shetland Islands, sail in ice-filled bays, while enjoying the company of seabirds, penguins, seals and whales. Board a Zodiac for your first memorable shore visit to a penguin colony. Taking advantage of the endless Antarctic daylight, exploration will continue well into the evening.

Day 5 / Antarctica and scheduled return flight
Upon reaching King George Island, disembark at Fildes Bay. A 2-km (1.25-mi) walk takes you through Chile’s Frei Station and Russia’s Bellingshausen Station to the aircraft. Bid farewell to Antarctica as you board the flight back to Punta Arenas. Upon arrival, transfer to your hotel for the night. (Note: Meals in Punta Arenas are at your leisure and not included in the program).

Day 6 / End of the Air-Cruise
After breakfast, transfer to the Punta Arenas airport for your onward flight.

Note: The January 2-8, 2021 (HEB06-AE) departure on board Hebridean Sky is a day longer and operates in reverse, with start in Punta Arenas and end in Ushuaia. An itinerary description is available on request.

The group will be supported by a dedicated safety Zodiac. Each kayaking excursion will be approximately one and a half hours in duration. At the end of the excursion, the Kayak Master will strive to offer the group some time at the landing site so you can explore.

INFORMATION
Planning Your Trip

The Nature of Expedition Travel
Our air-cruise expeditions are suitable for adventurous travellers who enjoy full mobility and reasonably good health. Expedition travel to Antarctica requires flexibility and adaptation to ever-changing circumstances. There is no airport or port infrastructure at King George Island, or anywhere in the Antarctic Peninsula. Travellers reach the ship by Zodiac boat.

Your Travel Companions
Antarctica21 offers its expeditions worldwide. Each year we welcome travellers from over 40 different countries. They may travel alone, as a family, or as part of a group. While some of your travelling companions may speak different languages and have different customs, they will share your passion for adventure and interest in the natural world.

About Your Arrival and Departure
If you are joining an air-cruise starting in Punta Arenas, you must plan to arrive with a flight that is scheduled to land in Punta Arenas no later than 2 PM on Day 1 of the itinerary. The same deadline applies to travellers arriving directly at the hotel on Day 1. That afternoon, all travellers must attend a mandatory safety and Antarctic guidelines briefing, and an information session covering important practical details. You must also attend a fitting session for your expedition boots. Participation in these activities is essential for the success of the expedition. Travellers who miss the 2 PM arrival deadline will be considered “no-show”. They will not be able to participate in the expedition and will receive no refund. Remember that scheduling tight connections is never wise when travelling to remote places with limited services. Protect your travel investment by building some buffer in your travel plans in case of problems with luggage delivery, flight delays etc. In case your flight to Punta Arenas is delayed for reasons beyond your control, Antarctica21 will do everything possible to accommodate your late arrival. However, Antarctica21 cannot assume any responsibility for any resulting complications, including your inability to join the expedition. We recommend that you purchase a trip cancellation and interruption insurance policy to cover this risk.

For Antarctica Express Air-Cruises: boarding in Ushuaia is between 3 PM and 4 PM, directly at the pier. At 4 PM boarding will close.

Antarctica21 strongly suggests that any travel plans made for the last day of the expedition do not start until the late afternoon, and that a flexible air ticket be held for your journey home in case you need to change your travel arrangement following a delay of the return flight form Antarctica. Please ask your travel consultant for assistance. See also the sections on possible flight delays and related contingency plans further down.

Participation Form
Participants are required to fill and sign an on-line Participation Form, and to return it to Antarctica21 at least 120 days prior to departure. Participants 75 years of age and older must submit a medical certificate.

Medical Insurance
Antarctica21 requires participants to be adequately covered by a travel insurance policy that covers aero-medical evacuation from Antarctica as a result of a medical emergency during the trips, including emergencies related to pre-existing health conditions.

Cancellation Insurance
Antarctica21 strongly urges participants to be adequately covered by trip cancellation and interruption insurance.

Itinerary
Every effort will be made to adhere to the planned program. However, with this type of adventurous travel to Antarctica, changes to the itinerary may occur due to severe and changeable weather. We need to emphasize the fact that weather conditions are unpredictable and that safety is always the paramount concern on any Antarctic voyage. For this reason Antarctica21 reserves the right to change the itinerary described due to weather conditions or other factors beyond Antarctica21’s control without consulting the participants.

Baggage and Baggage Allowance
We recommend that clients avoid expensive designer luggage that is easily damaged. We also strongly recommend that clients take out a luggage insurance policy that covers the cost of repairs or replacement in case their luggage is damaged. Due to the nature of the expedition, and as stated in our Terms and Conditions of Sale, Antarctica21 cannot be responsible for any damage to a customer’s luggage.

The maximum weight allowed on the flights to and from Antarctica is 20 kg (44 Lb.) per passenger, including hand luggage. For Classic Antarctica and Polar Circle Air-Cruises, excess luggage will be kept in custody in Punta Arenas and will be handed over to travellers upon their return from Antarctica. For Antarctica Express Air-Cruises, excess luggage will be disembarked at Port Williams and will be sent to Punta Arenas by air cargo at the traveller’s expense. It will be available for pick up in Punta Arenas upon the traveller’s return from Antarctica. The baggage weight limit is a technical requirement imposed by the flight operation. Unfortunately, it is not possible to purchase extra allowance.

Note that at certain points during the expedition you will be required to handle your own luggage.

Expedition Language
The official expedition language of our air-cruises is English. The voyage will take travellers to remote destinations where the interaction with our polar guides is essential. In the interest of safety and for the enjoyment of the experience we strongly recommend that travellers who do not understand English are accompanied by someone who does, such as a friend, a family member, or a Tour Leader.

Possible Flight Delays and Contingency Plan
Flights to and from Antarctica operate based on weather conditions. While historically only a minority of flights have experienced a delay, you should be prepared for that possibility.
Contingency Plan

Antarctica21 has been organizing Antarctic air-cruises since 2003. Over these years we have gained extensive experience in the delicate coordination of land, air and sea operations in the extreme Antarctic environment. While historically a majority of flights has operated on the scheduled day, in some instances weather conditions have required that adjustments to the departure time of Antarctic flights be made to avoid protracted delays. In the unlikely event that the flight to Antarctica cannot take place on the scheduled day due to unfavourable weather conditions, we will apply a Contingency Plan.

The Contingency Plan is included in the cost of your expedition. The primary goal of the plan is to provide an engaging and comfortable travel experience while we adapt to the weather. A change in the flight schedule can impact travel to Antarctica or return back to Punta Arenas, and the plan includes a range of activities determined by the circumstances. Additionally, the Contingency Plan offers you financial protection by providing a refund should weather conditions prevent us from reaching Antarctica.

The Details

In case the outbound flight to Antarctica is moved forward
In some cases it may be necessary to move forward the Antarctic flight to the afternoon or evening of Day 1 of the itinerary. This will result in early departure from Punta Arenas and early arrival in Antarctica.

In case the outbound flight to Antarctica is delayed
The group will remain in Punta Arenas while waiting for an improvement in the weather and for the opportunity to fly to Antarctica. Included are accommodation at the Cabo de Hornos Hotel or similar, meals, and guided excursions to local attractions. If by 2 PM on Day 4 of the itinerary it is still impossible to reach Antarctica, the trip will be interrupted and the cruise fare will be refunded.

In case the return flight to Punta Arenas is moved forward
In those cases when the forecast suggests the likelihood of unfavourable weather conditions in Antarctica persisting for several days, the flight back to Punta Arenas may be moved forward to the previous evening as a way to avoid a protracted delay in Antarctica.

Accommodation at the Cabo de Hornos Hotel or similar is included upon arrival. All other inclusions will remain per the original itinerary.

In case the return flight to Punta Arenas is delayed
The group will remain in Antarctica and wait for the opportunity to fly to Punta Arenas. Included are meals and accommodation on the ship, and local excursions. Upon arrival in Punta Arenas, the trip will end at the airport. Travellers are responsible for any expenses associated with the rescheduling of their airline tickets or onward travel plans. In the extremely unlikely event that the delay exceeds 2 days and the weather forecast indicates the impossibility to fly over several more days, on OCN10-PC, OCN18-PC, MAG13-CA and HEB05-CA for safety reason the captain of the vessel may decide to sail back to South America.

Please refer to the Contingency Plan section of our Terms and Conditions for further details.
Useful Tips

Suggested Clothing
The average temperature in the Antarctic Peninsula area during the austral summer is about 0°C (32°F), although sometimes it may feel a little lower because of the wind chill factor. For this reason, it is best to wear several layers of light, warm clothing. The suggested clothing for Antarctica is very similar to that recommended for skiing: thermal underwear, a couple of warm and wicking mid layers, and windproof and waterproof jacket and pants as the outer layer. You will also need a hat, a scarf, waterproof and insulated gloves, and sunglasses with high UV protection. The pre-departure material provides further details.

Waterproof Boots
As most landings in Antarctica are "wet landings", the best footwear is knee-high waterproof boots. You will not need to carry them with you since Antarctica21 will provide you with a pair of thermal rubber boots before arriving in Antarctica.

Face Protection
Good quality UV filtering sunglasses are essential. Glacier glasses have leather flaps at the sides to stop the light from passing through. Due to the high reflectance of UV radiation, you will also need good sun block lotion for your face (protection factor 30 and above) and lip balm.

On-Line Gear Shop
Antarctica21 is pleased to offer you the exciting opportunity to get equipped for your Antarctic air-cruises through our on-line store, the Antarctica21 Gear Shop. With a simple click on the “Gear Shop” button at www.antarctica21.com you may browse and shop from a unique collection of high quality apparel and gear that will help you get ready for your polar adventure.

Photography
To see the wildlife you should have a good pair of lightweight binoculars (the suggested magnification is 7× or 8×). If you are passionate about photography, do not forget a good zoom lens to shoot wildlife while avoiding close approaches. Also, take with you a good supply of memory cards and spare batteries since cold temperatures can reduce their life span. The recreational use of drones is not allowed in Antarctica.

Furthermore...
Do not forget to take with you:
- Personal medications.
- Waterproof backpack to carry your belongings during shore excursions.

Once the Participation Form has been submitted, it is the traveler’s responsibility to communicate to Antarctica21 any applicable changes or updates to the information provided. Failure to comply with any of the above requirements entitles Antarctica21 to cancel the booking and withhold return of all payments received. The payment of a deposit or of any payment for a reservation on this tour, and the submission of the Participation Form, shall constitute consent to all the provisions contained herein. With this, the passenger understands and accepts all provisions without restriction, including their consequences, contained in Antarctica21’s Terms and Conditions.

- Cancellation received between 29 and the departure date: there will be no refund whatsoever.

Upon cancellation, the passenger releases the cancelled cabin and all rights over it to Antarctica21.

Antarctica21 reserves the right to cancel a tour prior to the scheduled date of departure for any reason whatsoever. The decision to cancel a tour is within the sole and absolute discretion of Antarctica21. In the event of such a cancellation, all monies received by Antarctica21 from the passenger or the passenger’s booking agent for that tour will be refunded, including the deposit mentioned in the General Booking Terms. Antarctica21 shall not be liable for any special or consequential damages, whether known or unknown, neither for any costs of air ticket, hotel or similar expenses that the passenger may have incurred in or will incur in, under any circumstances whatsoever.

Antarctica21 also reserves the right (in its sole and absolute discretion) to alter or omit any part of the itinerary with due notice to the passengers wherever practicable. Such rescheduling does not constitute a cancellation by Antarctica21. All reasonable efforts will be made by Antarctica21 to ensure that the passenger’s travel objectives are met. Antarctica21 strongly recommends all passengers to purchase a travel cancellation and interruption insurance as protection against an unforeseen event which may force them to cancel their booking before departure or leave a tour while it is in progress.

Prices
The prices of tours are indicated in U.S. dollars (USD). Prices quoted are based on tariffs, exchange rates, and fuel prices in effect at time of publication and are subject to change prior to departure. Substantial changes in taxes, tariffs, exchange rates and fuel prices can increase the cost of expedition arrangements significantly. Antarctica21 reserves the right to alter prices or introduce surcharges accordingly, even when payment has already been received in full.

Responsibility
Antarctica21 is not responsible for any expenses incurred by the passenger or passenger’s booking agents in preparing for the voyage, including non-refundable or penalty-carrying airline tickets, special clothing, visa or passport fees or other voyage related expenses. A tight time-schedule connection with an Antarctic voyage is unwise. For this reason, Antarctica21 strongly suggests that a flexible air ticket be held for your journey home. In no case is Antarctica21 responsible for any expense or penalty incurred by the passenger or passenger’s booking agents deriving from a change in the ending date of the tour.

Participants should understand that there are certain known and unknown hazards involved in Antarctic voyages, which they accept willingly and voluntarily at their own risk at the moment of forwarding the deposit. Antarctica21 will not be liable for any illness, injury or death sustained during a tour, nor will it be liable for any uninsured loss or damage of property of any participant, whether caused in whole or in part by the negligence of the owners, directors, agents, officers, employees, contractors or subcontractors of Antarctica21, or those acting as its agents.

Antarctica21 shall not be responsible for any injury to persons (whether or not resulting in death) or damage to property arising out of any act of war, terrorism, insurrection, revolt or other civil or military uprising occurring in the countries of origin, destination or passage. Antarctica21 acts only as agent on behalf of shipping and transport companies, airlines, hotels, and other suppliers providing services that are included in the tour, and as such Antarctica21 will exercise every possible care. However Antarctica21, its subsidiaries and/or associated agents shall not be held responsible for property loss or damage and/or any damages resulting from illness, personal injuries or death that may be sustained by reason of, or while engaged in, any tour whether due to the ownership,
maintenance, use, operation or control of any air, sea or land carrier or any other conveyance used in carrying out these tours. Antarctica21 can assume no liability due to any cause whatsoever whether caused by failure or delay or other irregularity, acts or omissions occurring during a tour under which the means of transportation or other service provided thereby is offered or supplied by owners, operators or public carriers for whom Antarctica21 acts only as agent. The Passenger Contract in use by the carriers concerned (when issued) shall constitute the sole contract between the transportation companies and the purchaser of these tours and/or passage. By accepting Antarctica21’s Terms and Conditions, the passenger also accepts without reservation the provisions contained in the Passenger Contract in use by the shipping and transport companies, airlines, hotels, and other suppliers providing services that are included in the tour.

Antarctica21 strongly urges participants to check with their insurance agent to make sure that they are adequately covered for all eventualities. In the case of a medical problem arising during the tour, including those related to pre-existing conditions, which results in costs for evacuation or repatriation, the responsibility for payment of these costs belongs solely to the passenger. Antarctica21 requires that such eventualities are covered by travel insurance. If not covered by travel insurance, the responsibility still remains with the passenger and Antarctica21 specifically declines any responsibility whatsoever.

Antarctica21’s staff, agents and representatives, other than an Officer of Antarctica21, are not entitled to promise refunds for whatever reasons, and Antarctica21 will not be bound by any such oral or written promises.

**Itinerary**

Antarctica21 has the duty to advise you that all operations carried out in the Antarctic territory are subject to constantly changing weather conditions and that the safety and comfort of passengers and crew will never be put at risk by taking actions that may result in a disappointing end to a unique experience.

This is a voyage to a remote part of the world, and Antarctica21 reserves the right to change the itinerary described in the brochure due to weather conditions, availability of anchorages or landing sites, safety of the carrier and human lives, political conditions and other factors beyond Antarctica21’s control without consulting the participants. On any flight (to or from Antarctica), or in any sea operation, such operations will be carried out exclusively and absolutely according to the judgment of the Captain of the aircraft or the vessel, whose decision will be definite and will not be questioned by any party. It is understood that such decisions will be made in the best interests of all the passengers and with regard to the safety of the vessel and the aircraft. Participants have no right to any refund or other considerations in the event of these inevitable itinerary changes. In case that the flight to or from Antarctica cannot take place due to unfavourable weather conditions either at point of origin and/or destination, Antarctica21 will apply the Contingency Plan corresponding to each voyage.

**Mean of Conveyance, Accommodation, Infrastructure, and Services**

Keeping in mind that safety is the paramount concern, Antarctica21 will make all efforts to carry out the itinerary detailed in the itinerary corresponding to each tour by using the means of conveyance, accommodation, infrastructure, and services arranged to this end. However, Antarctica21 reserves the right to use substitute means of conveyance, accommodation, infrastructure, and/or services in the case of unfavourable conditions or other factors that Antarctica21 considers convenient, either at point of origin and/or transit and/or destination.

The use of substitute means of conveyance, accommodation, infrastructure, and/or services will be carried out exclusively and absolutely according to Antarctica21’s judgment. It is understood that such decision will be made with regard to ensuring the safety of air, land and sea operations, accomplishing the itinerary of each tour, maintaining standards of service similar to the ones originally arranged, and in the best interests of all the passengers.

Participants have no right to any refund or other considerations in the event of using substitute means of conveyance, accommodation, infrastructure, and/or services.

**Admittance**

These tours are intended for persons in reasonably good health. By forwarding the deposit the passenger certifies that he/she does not have any physical or mental conditions or other condition or disability that can create a hazard to himself/herself or other passengers. By submitting the Participation Form to Antarctica21, the passenger:

- Declares under his/her sole and unique responsibility that the information contained in the form is true, complete, and updated to the time of travel and that he/she is fit and fully able to participate in the voyage, is able to take care of himself/herself during the voyage and will not be an obstacle for the enjoyment of the trip for all other passengers;
- Accepts that the expedition will take him/her to remote areas without sophisticated medical facilities and understands that medical attention aboard the ship is limited to basic care, and that an emergency evacuation may be delayed;
- Undertakes to ensure that for the duration of the tour, including possible delays, he/she will carry any and all necessary medications, and in sufficient quantity, to prevent, counter, or remedy any effects on his/her health that could be caused by his/her medical condition;
- Understands and accepts that Antarctica21 and its providers cannot, and will not, be held responsible or liable for any possible consequences resulting from his/her health condition during or after the program, and specifically for any food, beverage, ingredient, or any other substance that could cause a direct or indirect allergic reaction;
- Understands and accepts Antarctica21’s policy regarding the acceptance of pregnant women on Antarctic voyages as presented in the Participation Form, including Antarctica21’s right to deny or limit participation should any information regarding a pregnancy be omitted in full or in part;
- Understands and accepts that Antarctica21 retains the right to request additional information regarding his/her health and physical suitability to participate in an Antarctic expedition;
- Understands and accepts that Antarctica21 welcomes on its tours children 8 years of age and older, provided that they comply with the requirements applicable to all passengers and that an adult taking full responsibility of the minor accompanies them.

Regardless of the above, Antarctica21 reserves the right to exclude a passenger from part or all of the tour, should the passenger be considered by Antarctica21 to be not physically able or prepared to participate safely.
